*Please welcome Kyle B. Reynolds, President of the American Association of Professional Landmen. He's a seasoned pro in the energy sector with a knack for making things happen. Kyle's journey has taken him from leading teams at Chesapeake Energy and Energen Resource Corp. to his current role as a managing member at RBG Permian. When he's not busy with all things land-related, Kyle enjoys cooking, exploring new places, diving into a good book, and passionately supporting the Arkansas Razorbacks. He's also a proud father of 3 and the entrepreneurial spirit behind Benjamin Lee Bison (a direct-to-consumer meat business), Bryant Moore law firm, and Greenway Capital Partners (a real estate investment firm).*
